## **SUMMARY**

Experienced Software Engineer with 5 years of experience in full-stack development, specializing in scalable web applications using modern technologies. Proficient in React, Node.js, Java/Spring Boot, and Ruby on Rails. Published writer on Better Programming, documenting tech learnings. Demonstrates strong problem-solving skills, writing clean, maintainable code, and adapting swiftly to new technologies.

## **EXPERIENCE**

### **DeleteMe — Software Development Engineer**

Sep 2023 – Present

- Developed and deployed production-ready code in Angular, React, Java/Spring Boot, and Ruby on Rails, enhancing system performance and scalability.
- Implemented new subscription models, contributing to a significant increase in company revenue.
- Led a team to successfully upgrade the Google extension manifest, improving extension performance and user experience, increasing customer satisfaction.
- Gained extensive hands-on experience with AWS and Docker as part of the tech stack and daily operations.

### **Raja Software Labs (LinkedIn) — Full Stack Web Developer**

May 2021 – Aug 2023

- Developed and maintained LinkedIn UI, enhancing user experience and system performance using React, Next.js, GraphQL, MySQL, and Node.js.
- Built internal tools for tracking visits and metrics, improving data accuracy and operational efficiency.
- Collaborated with cross-functional teams to implement scalable solutions, increasing customer satisfaction and streamlining processes.

### **Evidev LLP — Full Stack Developer**

Oct 2020 – Apr 2021

- Developed reusable components and REST APIs using React and NestJS, enhancing code maintainability and system performance.
- Contributed to both frontend and backend development, improving overall application efficiency and user experience.

### **Elearnmarkets — Full Stack Developer**

Jun 2020 – Aug 2020

- Contributed to the development of production-ready mobile UI and APIs using React Native and Node.js, enhancing system performance and scalability.
- Implemented GraphQL and PostgreSQL, reducing system runtime and streamlining data retrieval processes.

### **Urbanstop — ReactJS Developer (Intern)**

Dec 2019 – Feb 2020

- Built interactive district-level maps for Karnataka, enhancing geographical data accuracy and accessibility.

## **EDUCATION**

Heritage Institute of Technology  
B.Tech — Computer Science

## **SKILLS**

NodeJS / JavaScript (6 years)  
Java Spring Boot (2 years)  
Python (2 years)  
Ruby on Rails (3 years)  
ReactJS (6 years)  
Angular (3 years)  
SQL (6 years)  
MongoDB / DynamoDB (5 years)
